

# Advantage India: The world is coming to India as the country eyes increase in global medical tourism share

*Under the Heal in India programme, foreigners or those seeking medical assistance will be able to locate a list of hospitals in the country that can provide their preferred medical treatments, as well as information on the treatment package cost, via an online portal.*

The AYUSH visa programme was developed with special consideration for foreigners seeking medical treatment in India. (Image – Pixabay)

Medical tourism which is also know by the terms like medical travel, health tourism or global healthcare describes the rapidly-growing practice of travelling across international borders to seek healthcare services. Services typically sought by travelers include elective procedures as well as complex surgeries, etc. According to data from the Indian Institute of Public
